Sindhi Phonetic keyboard layout

صوتي

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right. The small grey letter is the English key it sits on.

Letters sit on English keys that sound alike: s for س, k for ک, b for ب. The extra Sindhi letters are on Shift and on the punctuation keys. Based on the open Rachitrali-Sindhi keyboard, adjusted for standard Sindhi spelling.

Best for: People who know the English keyboard and want all 52 Sindhi letters without learning a new layout.

Layout: Keyman Rachitrali-Sindhi 1.0.1 by Rehmat Aziz Chitrali (MIT). Changed for standard Sindhi spelling: K types ک and Shift+\ types ک (swapped), O types ه, I types ي and Shift+Q types ى (swapped).

Free to print and share.
