Urdu Phonetic keyboard layout

صوتی

The large character is typed by the key alone. Hold **Shift** for the one at top right. Hold **AltGr** (the right Alt key; Ctrl+Alt also works) for the one at bottom right, and Shift+AltGr for bottom left. The small grey letter is the English key it sits on.

Letters sit on the English keys that sound like them: s for س, k for ک, p for پ. Shift gives the related letter, such as Shift+t for ٹ and Shift+d for ڈ.

Best for: People who already type English and want to start typing Urdu today.
